

**AUTHORIZED FLIGHT INSTRUCTORS
for the
SYRACUSE FLYING CLUB**

This document contains a list of all flight instructors that have been authorized to provide training in the aircraft owned and operated by the Syracuse Flying Club. If you have any questions about how to start training for a certificate, a rating or to obtain a check-out as a member of the Syracuse Flying Club, please feel free to call any of the approved flight instructors on the list below to learn more about the club requirements. If you want to choose an instructor to begin training, we encourage you to interview all of the instructors to learn more about their training syllabus, availability and to find a “fit” that works best for you. The scheduling of the instructor and their associated fees are solely between the member and the instructor.

If you would like to discuss the various training options in Syracuse or assess the benefits of training as a member of the Syracuse Flying Club, please call me at any time.
